TB41A

TB41A

The TB41A is the new portable refrigerator that features the best of electronic technology. Highly efficient BD35F Secop (Formerly Danfoss) compressor, energy saving function (ECO), turbo function (MAX) and multifunction electronic thermostat allow an easy and economic management of the fridge through a check and a reduction of consumptions. The electronic board, AC/DC Danfoss converter, allows a DC12-24 Volt or an AC 115-230 Volt supply. The switching between DC and AC is automatic. Three battery protection levels as standard and new sturdy injection moulded lid with integrated closing system. Its features make the TB41A the ideal portable refrigerator to be used in trucks, cars, off-road vehicles, motorhomes and caravans, on boats or yachts and wherever mobile refrigeration is required.

Technical data

Height	445 mm
Width	350 mm
Depth	585 mm (700 with handles)
Product Class	from 21 to 50 litres
Type of installation	Portable refrigerators
Gross Volume	37 L

Print date: 20/03/2019

Features and specifications are subject to change without notice.
